Cradle Assembly Instructions - Without Curtain

To assemble your new cradle:

Locate the four corner posts. These are the thick pieces of timber marked with a "B" on the base.

Find the five short rails.

Using the 50mm bolts (provided), bolt the short rails to the corner posts.

Using the last 4 rails and 60mm bolts (provided), join the ends together to complete the assembly of the cradle frame

Enjoy your cradle, and may
your little one have sweet
dreams!

Please Note: If you have ordered one of our cradle packages that include a curtain rail, please refer to the Cradle Assembly Instructions - With Curtain.
